The Guilde du jeu vidéo du Québec's tax credit financing fund

THE GUILDE DU JEU VIDÉO DU QUÉBEC IS RENEWING THE \$20 MILLION TAX CREDIT FINANCING FUND SET UP BY FINALTA CAPITAL IN 2016.

Finalta Capital's enhanced solution:
Double the funds for Guilde members

Although some financial and government institutions offer basic tax credit financing, there is a financing solution that is better suited to the realities of Quebec video game industry service enterprises and creative studios, allowing them to accelerate the development of new intellectual properties.

ENHANCED FUNDING FOR GUILDE MEMBERS

- Double the funds loaned on the basis of the same tax credits;
- Loan disbursement BEFORE and at the same time as creative and service expenses arise;
- No holdback;
- Financial close in 15 business days;
- The expertise of tax credit specialists who can recognize the full value of eligible projects and support studios in their budget planning

“ The fund offered by Finalta Capital is keyed to the real situations of most La Guilde member studios, as it allows access to greater liquidity with no holdback. This is an important service to ensure that studios can grow. “

Jean-Jacques Hermans
Executive Director,
La Guilde du jeu vidéo du Québec.

FOR \$1,000,000 IN ANNUAL MULTIMEDIA TAX CREDITS, THERE IS A PERMANENT \$611,111 AVANTAGE, MEANING 100% MORE LIQUIDITY WITH FINANCING FROM FINALTA CAPITAL

Double your cash flow with Finalta Capital

Finalta Capital's average disbursement : \$1 222 222
Average disbursement other institutions : \$611 111

Finalta Capital is the largest private fund financing tax credits and major grants in Canada, supporting fast-growing innovative companies by providing them with enhanced and non-dilutive liquidity on the basis of yet-to-be received tax credits and grants, with disbursements made even before the expenditures eligible for incentive programs occur. Finalta Capital lends double the funds on the basis of the same tax credits and grants as the basic offerings of other financial and government institutions.

Nearly \$500 million loaned to fast-growing innovative businesses, including:
